REVISED PLANS FOR UNIVERSITY.

Benard's New Drawings Received at Berkeley.

UNIVERSITY OF CALIFORNIA, April 26.—Benard's new plans for the University have arrived and are now in the hands of the committee, which will report upon them at the next meeting. No definite announcement can be made at present, but the new plans have been accepted as yet. It may be that the Hillebrand tract will be purchased and the new gymnasium placed upon it, the library building where the present experimental orchard is, and the science buildings may be grouped together in the north end of the campus. The original plan has been entirely changed and an entirely new grouping of the buildings is suggested. This will only be perceptible to university people.

Professor Maybeck when questioned about the new plans said: "As yet we have nothing definite to give to the public, but so far as the change in the original plan is concerned it will not be anything that will make any difference to the general public. These changes will necessarily be made to enable the grounds to be used to the best advantage as to both art and convenience."

INTERCOLLEGIATE DEBATE.
Final arrangements have been made for the intercollegiate debate, which is to be held at 8 P. M. Saturday, May 5th, at the Intercollegiate Temple, San Francisco. In previous years the debate has been held on the night of the field day. This could not be done this year since the field day should be held at Stanford.

The question for debate as interpreted in full is: "Resolved, that the guarantees of the constitution should extend to all persons and territory under the permanent control of the United States, except to persons living in tribal relations."

The Stanford team is composed of Miss Anna Fraser, '00, John F. Springer, '00, and William M. Martin, '00. The Berkeley team is W. M. Martin, '00, O. E. Hottel, '01, and F. E. Borton, Law College.

DO NOT WANT TO PLAY AT SAN JOSE.

BERKELEY, April 26.—The baseball men of the University of California are not pleased over the prospect of playing the ninth game of the intercollegiate series at San Jose next Saturday, as has been determined upon by the two managers. The Berkeley men contend that the grounds are poor and that fair play cannot be assured at San Jose. They are willing to play on Stanford's campus and have telegraphed to the Berkeley men that if the Stanford manager seems obdurate, however, and will not accede to the request.

When the games were drawn the agreement was that if the Berkeley men refused to play at San Jose, the game would be played at Berkeley, but if not possible to play there, on some other neutral ground.

Conditions in the minds of the California men absolutely refuse to play the game if it becomes necessary to go to San Jose.

ANNUAL FARCE WAS A BIG SUCCESS.

The Macdonough Theater was packed to the doors last night when the Skull and Keys Society of the U. C. produced its annual farce entitled "Cupidine."

The performance was appreciated by all present.

The farce was exceedingly well played. These young men who took the part of ladies showed great cleverness in their strict imitation of young women. Perhaps Joshua Maxwell Taft, as Cholly Chowderhead, who was dressed in English and who wore flaring red socks, scored the greatest hit, although Rea Hanna, Howard Squires and William Schaw did equally as well. Those who took part in the farce, which was written by Elmer Harms, were: Howard William Squires, James Bennett, Southern, John Moulthrop, Nathan Montgomery Moran, Eceston Bowers Marsh, Rea Hanna, Paul Selby, Joshua Maxwell Taft, William Schaw, William Howard Orlick, Charles Austin Pringle, James Ray Whipple.

Those who belong to the Skull and Keys Society are:

Class of 1900—William Wallace Main, William Anderson Scott Foster, Eugene Elbert Hewitt, John Boak McNab, Jack Dietrich, Homan, Walter Kennedy, White, Horatio Stubbs, Honestell, John Robert Moulthrop, Paul Selby, Howard William Squires, Eceston Bowers Marsh, Rea Hanna, James Bennett, Southern, John Moulthrop, Nathan Montgomery Moran, Eceston Bowers Marsh, Rea Hanna, Paul Selby, Joshua Maxwell Taft, William Schaw, William Howard Orlick, Charles Austin Pringle, James Ray Whipple.

Class of 1901—Charles Austin Pringle, Rea Hanna, Frank Gairnes Noyes, William Hubbard, Cooper, Walter Burlin Baker, William Howard Orlick, Nathan Montgomery Moran, Lawrence Lincoln Greene, Joshua Maxwell Taft, Stanford Moore, James Bennett Southern and William Beaumont Shaw.

WAS SOON TIRED OF MARRIED LIFE.

Judge Ellsworth today granted Mrs. Sophie Kinke a divorce from Charles Kinke on the ground of failure to provide. The couple were married in Alameda in September, 1898. At that time Mrs. Kinke was employed as a driver and brakeman. For a short time they resided with Kinke's parents at San Jose. Later they came to Alameda and resided at 221 E. 12th Street. During this time Mr. Kinke did not pay their living expenses.

On May 1st of last year Kinke suddenly disappeared. He left behind a letter to his wife, in which he told her she would never see him again.

After the disappearance of Mrs. Kinke testified that she had been informed by a friend that her husband had gone to Arizona where he was singing in a dance hall. For 21 weeks she has been waiting for the return of her husband to the home of his parents in San Jose, where he is at present.

The wife was allowed to resume her maiden name of Sophie A. Ohme. She now resides with her mother and brother in Alameda. C. L. Calvin was attorney for the plaintiff.

Defendant is Missing.

W. M. Finch, who was arrested on the 14th of last February on a charge of embezzling the funds of a local laundry by which he was employed as a driver, failed to appear in the Police Court when his case was called. Finch was allowed his freedom on \$10,000 bail. It is understood that he has gone to Oregon.

His case was continued in order to allow the jury to be selected.

WIFE WAS FOND OF A GAY LIFE.

A decree of divorce has been handed down in the action of Thomas C. Armstrong against Sarah Margaret Armstrong. Armstrong is a carpenter. He sued his wife for a divorce because he objected to her fondness for French dinners away from home and in the company of other persons.

VICTIM OF THE DEADLY WEED.

Tobacco Wrecks Mind of Attorney A. L. Hart.

With his mind wrecked by the intensive use of tobacco, A. L. Hart, once Attorney General of the State and one of the brightest lawyers of the West, lies in a critical condition at Dr. Robertson's private sanitarium at Livermore. General Hart had been an inveterate smoker for years, and it was said of him that he smoked from twenty-five to thirty imported cigars a day. About a year ago he had some trouble with Attorney Hugh Aldrich of this city, and at that time he was induced to take a trip to the north coast, where he remained for some time. However, he commenced his old indulgence in tobacco, and a few weeks ago it was found necessary to remove him to a sanitarium, where he is now said to be insane and dying.

General Hart came to California with his parents in the 40s and located in Colusa. He studied law and soon was recognized as one of the foremost attorneys of the State. He was elected Attorney General and moved to Sacramento, where he has since made his home. He is a brother of Superior Judge Lige Hart, and both of whom live in Sacramento.

PARADOX OF CRITICISM.

A San Francisco paper lately discussed the constitutional question of expansion under the heading: "The Paradox of Imperialism." The article was a criticism of the policy of expansion, and upon the constitution and laws of the United States.

The theory advanced would be all right in times of peace, but in times of war another rule prevails—the laws of war. To carry on a war based upon the laws of peace is a paradox.

There are certain common law principles recognized by all civilized nations governing the conduct of war. But circumstances govern each case as it may occur. Civil laws, and even the constitution itself must give way to the exigencies of war. Were it not so, and were commanders tied up by civil laws, disastrous failure would be the result. The general rule is that the sole judge in each case of the necessities of the occasion. When war is ended, then common statutory laws under the constitution come to the front as governing rules of action.

As applied to the Philippine Islands, with this nation, the peaceful laws of peace, when the enemy has had enough of war, and cease shooting, burning, pillaging and destroying the country, the laws of peace should be the sole judge in each case of the necessities of the occasion.

MILITARY DAY AT THE U. C.

Fine Showing Made by the College Students.

This is military day at the State University. The program of events throughout the day is as follows:

1. Morning exercises at 10 A. M.
2. Presentation of colors to the regiment by Mrs. Hearst and acceptance by Professor Frank Soule, commandant.
3. Inspection of the colors. Lieut.-Col. Maus, U. S. A., inspector.
4. Afternoon exercises at 1:30 P. M.
5. Regimental band and review, Col. J. R. Moulthrop, commanding.
6. Battalion and company drills. Judges of competition—Lieut.-Col. Maus, U. S. A., Capt. Wilson, U. S. A.
7. Battle exercises. Under direction of Lieut.-Col. Harrison S. Robinson.
8. The attacking force is composed of the First Battalion, commanded by Major Robt. H. Collins. The attacking force is composed of the Second Battalion, under Major P. Dolman.

At the opening of the action the defense is supposed to have been previously driven from higher ground and occupies a position marked by the line of North and South Halls, its front being toward the hills. The offense advances from the east and the defense is supposed to be withdrawing from their exposed positions.

The second stage of the action finds the defense disposed of its position on the line of two companies entrenched between North and South Halls; one reserve company in the trees above the gymnasium, one under cover of the gymnasium.

The fighting line of the offense continues its advance and finally drives the opponents out of their trenches, which it occupies. It finds, however, that any further advance will expose it to a flank fire from the company in the Second Battalion, which is ordered up and drives out this flanking force. The two companies of the original fighting line then move out of their trenches and deploy as to connect with this company lately in reserve, and the remaining reserve company is moved across the rear of the offensive position.

A general advance is, nevertheless, sounded for the campus in rushes by platoons, driving its opponents before it. This advance is followed by rapid fire and the defense completes the discomfiture of the offense.

4. Salute to the national colors. At the flagstaff, Lieut.-Col. Robinson in command.

NEWS OF THE LOCAL LODGES.

Many Interesting Events Have Been Recorded During the Past Week.

A large number of members present at the meeting of Ivy Lodge, No. 4, Degree of Honor, A. U. W. W. on Wednesday evening was a practical illustration of the great interest which is still maintained in this energetic and enthusiastic institution by the Ancient Order of United Workmen.

Chief of Honor, Mrs. Rutschman is indefatigable in her efforts as presiding officer, to please everybody.

Several applications for membership were received. During recess, Past Chief of Honor, Mrs. Mardon, chairman of the new attraction committee, presented a most enjoyable program.

Past Chief of Honor, Mrs. Marks, gave a reading entitled "Biddy Among the Yankees," which was extremely humorous.

In the game "Building Squares," Sister Van Court came nearest to winning the prize; but, after mature deliberation, the judges decided that the square made by Sister Van Court looked more like a Dutch cheese than a geometrical quadrangle. The prizes were kept for another occasion.

In the "Crowing Game," Sister Miller crowded so loudly and she rattled all the chandeliers with her "chattering" tongue.

Brother Isaac won the other prize. Brother Isaac tried hard to win a prize, but near the end of the game he was defeated.

The judges, Past Chief of Honor, Mrs. Carr and Brothers Hall and Marks, gave great enjoyment in deciding the event. They should be selected as judges in the coming poultry show.

After the lodge adjourned, it was unanimously decided to give a reception to Grand Lady of Honor, Mrs. Eva Cogan on Wednesday evening, May 3.

The Chief of Honor appointed on the banquet and reception committee, Past Chiefs of Honor Mrs. Chloupek, Wilkins, Parkinson, and E. O. Greiner, and Jacobson and all the officers of the lodge.

This reception and banquet will undoubtedly be a grand affair as no member of the order is more entitled to such a tribute of esteem than Sister Cogan, who has done so much for the Degree of Honor.

Some talk was indulged in of having a picnic in the near future. Last year a picnic of the order was held at the home of the order, and it was thought that it would be just as good to have it there.

Remarks were made by Brothers Hall and Mitchell.

The new attraction committee appointed for next meeting, Brothers Marks, May and Mitchell, promise a most attractive entertainment and they especially request large attendance as they intend to give some astonishing numbers on the program.

After which the lodge adjourned so as to celebrate the eighty-first anniversary of the order. The lodge room had been very prettily decorated with ferns, flowers and the national colors, in honor of the event.

A very fine program of vocal and instrumental music, speaking, dancing and character sketches was rendered after which the floor was cleared for dancing, during which time those who could not dance were invited to the bar to partake of light refreshments, ice cream, cake, etc. Those who were present showed congratulations upon the following:
